📍 Visakhapatnam,Andhra Pradesh

OBJECTIVE STATEMENT

Seeking a Google Software Engineering Internship to apply my technical skills and enthusiasm for innovation in creating impactful and user-friendly products.

EDUCATION

Bachelor of Technology in Information Technology

Gayatri Vidya Parishad College of Engineering|kommadi

📅 11/2022 - Present   📍 Visakhapatnam, Andhra Pradesh

- Coursework: Advanced Programming Languages(python,c++,java,sql,c), Algorithms and Data Structures,Design and analysis of algorithms, Computer Architecture, Operating Systems, Database management systems,Finite languages and automata theory.
- Projects: Developed a ai model that uses api keys and reads a pdf and answers the questions that we asked related to the pdf . Applied theoretical knowledge to practical, real-world problems, fostering both technical proficiency and creative problem-solving skills.,Developed a website using frontend (html,css,java)

ACHIEVEMENTS

🏳 **Developed AI model**

Designed an AI model for answering PDF QA using Google Generative AI embeddings.

SKILLS

Python	c	c++	Java	Frontend	Git hub	SQL

CERTIFICATION

Google AIMI internship

This internship offers hands-on experience in developing cutting-edge machine learning models and AI solutions, fostering innovation in technology.

Deep Learning Applications for Smart Cities - 2023

Deep Learning Applications for Smart Cities 2023 explores AI solutions to enhance urban infrastructure, transportation, energy management, and public safety.

PASSIONS

⭐ **Web development**

Involves designing, building, and maintaining websites. It includes web design, content creation, client-side/server-side scripting, and network security configuration..

🏆 **Problem Solving**

Identifying, analyzing, and resolving issues efficiently using logical and creative approaches.

☆ **Science Fiction**

Avid reader of science fiction, drawing inspiration for futuristic technology and AI scenarios.
